Port of Camas–Washougal Releases 2016 Community Report

Washougal Wash. – March 16, 2016 – The Port of Camas–Washougal today announced the release of its annual Community Report.

This report includes notable milestones in 2015 by the month and highlights the progress involving major Port projects: the waterfront park and trail and the rebuilding of ten hangars at Grove Field Airport. It also describes Steigerwald Commerce Center's steady growth.

"When looking back at 2015, we also felt it fitting to mention the late Mark Lampton's vision for the waterfront property." said Executive Director David Ripp. "His enthusiasm for its potential to attract recreation and commerce to Camas and Washougal continues to inspire us all."

Copies of the 2016 Community Report are available at the Port and online.

ABOUT THE PORT

The port brings jobs and recreational opportunities through a 400-acre industrial park, a 79-hangar general aviation airport and 350-slip pleasure boat marina. Grove Field is a small, general aviation airport with a state-of-the-art fueling station and 14 tie-downs in addition to the hangars. The marina is the largest publicly owned marina on the Washington side of the Columbia River and has a floating restaurant, launch ramp, nearby hotel.
